CITY OF CREEDMOOR STORMWATER SERVICES

HOUSEHOLD HAZARDOUS WASTE

It's hazardous, and it's at your house!

www.ncCleanWater.org

What to do?

1. Pour it into a container.

2. Recycle it!

Did you know?

- When disposed of improperly, household products can contaminate water supplies and damage the environment
- It's illegal to dump any substance into a storm drain
- Storm drains are for water only! Runoff does not get treated
- Fats & grease are the major cause of raw sewage backups and overflows
- Just one quart of oil can ruin 250,000 gallons of drinking water

What now?

You can recycle leftover cleaners, paints, chemicals, and used motor oil. Call your local Solid Waste Department for drop-off locations and hours, or call 1-800-Cleanup.
